Tamagawa Earns spot in Boeing Premier Bidder Program

Iida City, Japan - Tamagawa Seiki Co., Ltd. today announced it has earned a spot in the Boeing Premier Bidder Program.

The program recognizes and rewards consistently high-performing Boeing Commercial Airplanes and Boeing Global Services suppliers, strengthening Boeing's collective performance and commitment to safety, quality and integrity.

The program provides Premier Bidder members with an opportunity to increase their business with Boeing, including visibility of upcoming bids and an invitation to program conferences with key Supply Chain leadership.

Tamagawa Seiki makes angular sensor units for flight control devices for Boeing airplanes and was also recently selected as a supplier of landing gear control lever modules for the Boeing 737 MAX.

Tamagawa joins approximately 140 suppliers that have met and sustained the high quality, delivery and performance criteria required for inclusion in the Premier Bidder Program.
